

To run the test please install first program „Boxer“ from <http://boxerapp.com>. Then download the fail test.zip (link „WinPsycho 2000 test for Mac (English)“). Copy it to your computer **Desktop** and extract. Open program Boxer

Click "Import a new game". Then drop the extracted folder „test“ to the "Import a Game" window.

Then click "Launch game".

Find text test.bat at the bottom of the screen and click it. On the new window click Launch every time. Test starts. For fullscreen click cmd+F.

To open Test next time, you can find test.bat from the Open recent menu.
